

## How much do you think it costs to send you back to school?

1. How much do you think it costs to send you back to school? Take your best guess in under 10 seconds.
2. Create a list of what you think that you will need. Take a minute or two to start your own list, and then get into groups according to your teacher's instructions to refine your list.
3. Make guesses about how much each item will cost and come up with an approximate total.
4. Do some research and find the real cost of what you need for the new school year.
5. **Estimate** the total of what you need to go back to school.
